SAFL is a three-year online distance education program for 8 - 12 grade students who wish to learn Samskritam (aka Sanskrit). As of July 2016, the SAFL program has been accredited as a supplementary education program by the Accrediting Commission for Schools, Western Association of Schools and Colleges (ACS WASC - <http://www.acswasc.org>), one of the accrediting agencies in the United States. SAFL courses have also been approved and listed in the NCAA high school course **catalog** (enter Samskrita Bharati in the High School Name box and click Search button) since November 2018.

While enrolled in high school, credit may be issued for any combination of courses from Samskritam as a Foreign Language (SAFL) which comprise two semesters.

This is the equivalent of one full-year / contact hours of one Department World Languages on-campus course at Montgomery High School.
