Montgomery Township School District: Standards-Based Report Card Philosophy

The Montgomery Township School District works diligently to develop and adopt a rigorous and relevant curriculum aligned to the New Jersey Student Learning Standards. This standards-based report card communicates specific grade level learning goals (standards) and measures your child's learning progress and achievement towards those goals. Along with identifying your child's strengths, this report card will help foster more high-quality conversations between you, your child, and your child's teachers. Doing so can result in the development of meaningful goals for continued growth.

Standards-Based Report Card Performance Indicators

<u>3</u>	<u>Meeting Learning Standards/Competencies</u> <i>Student currently demonstrates an understanding and application of this particular knowledge and/or skill expected at this grade level</i>
<u>2</u>	<u>Approaching Learning Standards/Competencies</u> <i>Student currently demonstrates progress towards an understanding and application of this particular knowledge and/or skill expected at this grade level</i>
<u>1</u>	<u>Not Yet Meeting Learning Standards/Competencies</u> <i>Student currently demonstrates limited progress towards an understanding and application of this particular knowledge and/or skill expected at this grade level</i>
<u>N/A</u>	<u>Not Assessed At This Time</u>
